Positions Open for Application

We are hiring interns in **4 categories**:

1. AI/ML Developer Intern
2. iOS Developer Intern
3. Product Developer Intern
4. Marketing Intern

AI/ML Developer Intern

Role Overview:

Work on cutting-edge AI models, recommendation systems, NLP pipelines, and multimodal AI integration for MeetMux's Mux Intelligence system.

Responsibilities:

- Develop & fine-tune AI/ML algorithms
- Work on NLP, computer vision, and recommendation models
- Build scalable AI-driven microservices
- Collaborate with product and backend teams to deploy AI in real-world features

Preferred Skills:

- Python, TensorFlow/PyTorch
- NLP, Computer Vision, Deep Learning
- APIs & cloud-based AI deployment

iOS Developer Intern

Role Overview:

Build and enhance our iOS app for millions of users with smooth, intuitive UI/UX and strong backend integrations.

Responsibilities:

- Develop iOS features using Swift/SwiftUI
- Integrate backend APIs & handle data securely
- Work with design teams to deliver top-class UX
- Optimize performance for various iOS devices

Preferred Skills:

- Swift, SwiftUI, Xcode
- REST APIs, JSON handling
- Git version control

Product Developer Intern**Role Overview:**

Turn ideas into reality by designing, prototyping, and building MeetMux features from concept to production.

Responsibilities:

- Design product architecture & flow
- Build front-end and/or backend systems
- Coordinate with design, AI, and mobile teams
- Test and iterate features for optimal performance

Preferred Skills:

- React/React Native, Node.js, PHP Laravel, SQL
- API design & integration
- Strong UI/UX understanding

Marketing Intern**Role Overview:**

Be the voice of MeetMux—plan, execute, and optimize campaigns to acquire and engage users globally.

Responsibilities:

- Plan and execute digital and offline marketing campaigns
- Collaborate with influencers, venues, and communities
- Drive user acquisition and engagement
- Analyze campaign performance and optimize strategies

Preferred Skills:

- Social media marketing, content creation
- Campaign planning & execution
- Data analytics tools

Additional Training Opportunity for Top 100 in Each Category

Apart from the **paid internship** slots:

- **Top 100 candidates** from each of the 4 categories will be offered:
 - **Free Training & Skill Development** with MeetMux Team.
 - **Real-time Project Experience**
 - **3-Month Learning Engagement**

Post-Training Placement Path

- **After 3 Months:** Selection process for these 100 candidates in each category → **Top 3 candidates** will be offered a **₹20 LPA package** placement at MeetMux.
- **After 6 Months:** Another selection process → **Top 5 candidates** across categories will be offered a **₹20 LPA package** placement at MeetMux.

Our Philosophy

"We believe skills speak louder than degrees or years of experience.."

How to Apply

- Visit the **Career Section** at www.meetmux.com from **18th August 2025**.
- Select your preferred internship category and fill out the application form.
- Wait for communication about the **5 virtual selection rounds**.

For Colleges
